

A NEW VIEW IN REAL ESTATE MARKETING

Linking your VP3D Tour to GAMLS

Copy the link VP3D provides for your specific listing in the required field specified by GAMLS input field.

A screenshot of the VantagePoint3D web application interface. The top navigation bar includes buttons for "Add/Edit Listing", "Manage Photos", "View Report", "Tours/Open Houses", and "Practice Mode". Below this, a "Quick Actions" menu lists "Add Document", "Copy", "Extend Listing", "Price Change", "Status Change", "Support", and "Virtual Tour", with "Virtual Tour" circled in red. The main content area is titled "Virtual Tour" and contains the instruction "Enter or edit URL in the following field and click Save to apply changes." Below this, there is a "Virtual Tour URL:" label and a text input field containing the URL "http://www.vantagepoint3d.com/virtualtour/?sid=29UQHLNzqas", which is also circled in red. On the left side of the interface, there is a sidebar with a "My Listings" dropdown menu, a "Search" button, and a "Filter Results" input field.

Your tour is branded so anyone looking at it will see that you are the exclusive listing Agent/Team. Branding is prohibited on the FMLS and GAMLS as you know. Once you copy and paste the MLS link above, my website will automatically remove the branding do you are in compliance.

Do **NOT** copy and paste the link from the address bar for the either MLS. This will result in the Branded tour to populate and will be **REMOVED** by FMLS & GAMLS.

Your branded tour can be used anywhere else online including 3rd party websites and social media like Facebook and Twitter.

Thank you for choosing VantagePoint 3D
